

Year 8 Art & DT

Holmwood House

Animation & Eco Packaging Project

Art - Animation

Please redo or start your animation again using the skills you have learned this term.

You have been given access on your chromebooks to the stop motion animation package. ZU3D provided this and you should be able to use it in a similar way to the package you have used all term.

Use a camera or a webcam and upload the photos into the software.

You may want to buy a ZU3D camera which are available to buy on their website and on amazon.

Good luck and please enjoy the process

Animation continued...

If you have an iPad and want to use Apple's 'stop motion' app then this might be an alternative if the package on your chromebook does no work.

Don't forget assessment marks are awarded as follows:

Research = 2

Development = 4

Animation = 10

DT - Eco Packaging Project

Please continue your Eco Packaging project.
