

# Art Ideas - Year 3

**If you would like some feedback from your artwork please send a photograph to Mrs Baker so she can see your lovely work. [kb@holmwood.house](mailto:kb@holmwood.house)**

1- Draw the superhero that you designed your superhero logo for (the ones we then displayed in the corridor) Remember to use colour to make your hero pop against the paper!

2- Remember back to your art lesson where you drew objects with a paper plate over your pencil, which stopped you seeing what you drew.

Choose a couple of objects from your house and draw them without looking at the paper, using a single line and no cheating!

Then try a sighted sketch by drawing the same items looking at the paper.

You could then add tone, and then even do a sketch and add colour.

3- Make a sculpture out of rolled up tubes of newspaper. You will need newspaper scissors and sellotape or parcel tape. Can you make a 3D shape perhaps a cube, or square or triangular based pyramid? Or perhaps something more challenging... a broomstick for Harry Potter, a rocket, a castle... Use your imagination.

4- Free painting, drawing, collage. Use any art materials you have at home and your imagination to create your own masterpiece!
